

Fare changes are taking place from Saturday 16th August 2025:

At the beginning of 2025 the Government cap on single bus fares in England rose from £2 to £3. Since January 2025, Fastrack froze single fares at a maximum of £2 as a thank you to passengers for bearing with us through the service changes that took place in 2024.

With the Government announcement of a long-term extension to the £3 cap on single bus fares, Fastrack is moving in line with other local operators on single fares which are capped at a maximum of £3 per journey. This single fare cap will be locked on Fastrack until March 2027.
